II. Approval of December 2021 Meeting Minutes

The December minutes were approved with the change of the date shown from September to December. The December 2021 minutes were approved.

III. Arborist Report

David asked for discussion on the date and location of this year's Arbor Day. The State will celebrate Arbor Day virtually on 2/22/22. The two locations that most felt were the best choices were Silo Park and Mid Broadwell Park. Both have good parking and good locations. Members of the Commission will visit both locations and email their preference. 3/19/22 is the date likely to be selected as Alpharetta Arbor Day this year. Several folks suggested Dog Wood trees be planted in the location the majority select. The last Friday of April is National Arbor Day.

IV. Keep Alpharetta Beautiful/Environmental Programs

Advertisement of the North Fulton Master Gardening classes was discussed. All agreed that we need to communicate better with the residents of Alpharetta as to where and when these classes are offered. The opportunity to explore using the Saturday Farmer's Market to promote information about NRC was discussed.

The men from Public Works did a great job assisting us at the Claim one for the Chipper, Saturday 01/08/22. We need better signage for each of our events.

V. Alpharetta Curbside Recycling Program

Geri decided to table discussion of recycling.
