RECREATION COMMISSION Q&A:

RE: Resident Fees for camps

Q Is Milton considered a resident for the camps? (Rand)

A No, they are not. (Young)

RE: Wire & Wood

Q For Wire & Wood, would it be possible to have a stage dedicated to local artists? (Saha)

A We currently have Music Match throughout the City but would need to discuss with Hilary about having a stage dedicated for local talent. (Young)

RE: MOU's with other Cities

Q Do we have MOU's in place with Milton and Johns Creek? (Norton)

A Yes, we do for football and softball. (Young)

RE: Partnered Organizations

C I would not mind seeing any organization. I would love to thank them. (Rand)

iii. Park Services Division Monthly Report (Excluding Wills Park) – July 2024

- Eric Milley, Park Services Division Manager for the Recreation, Parks & Cultural Services Department came forward to present the item.

Monthly Highlights

- At all parks we have been watering sod, trees and repairing irrigation leaks.
- We are all getting ready for the fiscal budget availability, as we all have project and equipment needs.
- We have also taken down some declining trees at all parks and getting quotes on others.

Monthly Initiatives

- Developing new maintenance plans/practices for the Alpha Loop to include water plans.

RECREATION COMMISSION Q&A:

RE: Planters in Downtown

C The planters in Downtown are stunning, they take my breath away, love them. (Piedrahita)

RE: Planting

Q Has there been a lot of planting? (Rand)

A Yes, we are maintaining what was planted and watering like crazy. (Milley)

iv. Park Services Division Monthly Report (Wills Park & Equestrian Center) – July 2024

RECREATION COMMISSION Q&A:

RE: Horse Stalls

Q What is the plan with the stalls? (Piedrahita)

A Currently in the design phase with Barge. (Casey)

Q Are there issues with the stalls being too close to the creek? (Norton)

A Barge is currently working on that.

RE: Equestrian Center Design

Q Will the redesign be using Bond and Match money? (Piedrahita)

A Yes, it will. (Casey)

v. Senior Operations Manager Monthly Report – June 2024

- Kurt Kirby, Senior Operations Manager for the Recreation, Parks & Cultural Services Department came forward to present the item.

- Old Rucker Road Park construction beginning
- Union Hill Park construction beginning
- Adult Activity Center lobby repairs
- Wills Park enhancements
- More Public Art

AND THAT'S JUST SCRATCHING THE SURFACE

RECREATION COMMISSION Q&A:

RE: Webb Bridge Park Turf

Q Turf project, sewer, then what? (Piedrahita)

A They are planning to start after the Ambush Soccer season is over. Construction will take place during the winter months. (Kirby)

RE: Greenway

Q I know E-Bikes are not allowed on the Greenway, what about motorized scooters? (Piedrahita)

A Motorized scooters are not E-Bikes, so it cannot be enforced. (Kirby)

RE: Webb Bridge Park

Q Are benches planned for Webb Zone? (Kaighin)

A The Phase has enhancements to Webb Zone including turf where the sandy area currently is located, increase the condition and placement of the picnic tables. (Kirby)

Q Could the new donated plaque benches be installed? (Kaighin)

A We are not opposed to that style of bench. (Kirby)

Q Webb Zone is awesome, only thing that is strange is that all the playground equipment has places for cell phones, why? (Piedrahita)

A We probably did not notice that when we purchased the equipment. (Kirby)

Q You are going to City Council for the turf, do you currently have a bid? (Rand)

A Yes, we do. (Kirby)

Q Wayfinders are great, what about exiting signage? (Saha)

A I will need to follow up with the company on that signage. (Kirby)

RE: Cameras

Q Cameras in the parks, when? (Rand)

A Yes, we are currently working with Public Safety to get this going. (Kirby)

b. DIRECTOR

i. Director's Report – July 2024

- Morgan Rogers, Director for Recreation, Parks & Cultural Services Department came forward to speak.
 - Union Hill Park Update – City Council tabled the discussion of the Parking Redesign at the June 24, 2024 meeting. There was no indication from the City that a playground was to be installed prior to the bond.
 - Wacky World Update – Is not moving forward at this time, the City is looking to hire a construction manager to encompass all the Wills Park projects. The Community Build is not going to happen in October.
 - Review the highlights for the Fiscal Year 2024 for the Recreation, Parks & Cultural Services, Director Rodgers presented the Commission with a slide show of all the great things that happened in Fiscal Year 2024.

Update on Union Hill Park:

- Vice Chairman Saha brought six questions from a local resident.
 - Target event size with this proposed additional parking spots? Director Rogers answered approximately 400 people.
 - How many additional rental anticipated? Do you plan to increase the rental rate? Director Rogers stated that he did not know for sure but the City is hopeful for 20-25 additional events, including camps. The City is planning

to increase the rental rate once construction is completed regardless of what is decided with the park.

- When does the parks bond money need to be spent or encumbered by? 2026? Assistant City Administrator Drinkard that we have a 3-5 year window, the Feds do not want you to stock pile the money to earn interest. The goal is to have it encumbered by 2026. The City is trying to avoid not spending it.
- Have you considered going to the Windward Park businesses to seeing about a grant? Director Rodgers stated that the City has not considered that but it is an option.
- Looking at the design, in my opinion, the most costly thing was moving the skate park. Is there a better value design that does not have a costly move? Director Rodgers stated that we have not because Mayor and Council has not given the green light to move forward with any of the designs.
- Director Rodgers stated that the skate park is too loud and needs to be moved further from the covered venue. Redesign would have to happen and the concrete would still need to be moved.
- Commissioner Piedrahita stated that the verbiage around the upgrade of Union Hill Park is vague. She also asked if ample parking really an upgrade? Monetizing the space? Can renters keep the profit? Who is doing that today? Director Rodgers stated that Home By Dark, Grillfest, and Shamrockin' for the Cure have all done that in the past. Commissioner Piedrahita continued to ask are there ticketed events at other parks? Director Rodgers stated that currently no one is doing that, the Rotary Club raises money for non-profits. Manager Casey stated that the Rodeo does that and Commissioner Slavik stated that the Farmers Market keeps their profits.

Wacky World Update:

- Commissioner Piedrahita asked if the Construction Manager plans to work with the Community Build? Director Rodgers stated the plan is to do the Community Build with them. Commissioner Piedrahita proceeded to ask how the construction was going to work, will the park be under construction all at once? Director Rodgers stated that everything is not going to happen all at once, they will not be making Wills Park a construction zone.
- Commissioner Rand asked if Director Rodgers was being vague about Wacky World? Director Rodgers stated that he was not, there are a lot of moving parts and a lot of unknowns at this time. Assistant City Administrator Drinkard stated that the City is looking to approach this different than anything they have done before. By doing it all under one project, there are advantages. We cannot speak confidently at this time regarding the build. The City does not have a plan to alter Wacky World at all, the only change is the change in timeline. The current City Hall building is the closest thing the City has done to this. Commissioner Rand proceeded to ask if the Equestrian Foundation was on board with all of this? Director Rodgers stated there have been conversations with them and we do not have all the information at this time.

VI. RECREATION COMMISSIONER REPORTS

- Commissioner Piedrahita thanked Morgan for his leadership. Super grateful for him.
- Commissioner Piedrahita wanted to know the capacity of The Grove pavilion. Director Rogers stated approximately 40-50 people.
- Commissioner Rand wanted to know where Amanda was tonight. Director Rogers stated on vacation.
- Commissioner Saha stated that he would love to see the City have the capability to have a calendar that could download onto a personal calendar. Christine Young stated that we would need to look into that item. Assistant City Administrator Drinkard stated that he would bring that up with the build of the new City website and calendar.

VII. PUBLIC COMMENT

- None.

VIII. ADJOURNMENT

- ❖ Vice Chairman Saha called for a motion to adjourn the meeting.
 - Commissioner Rand made a motion to adjourn.
 - Commissioner Slavik seconded the motion.
- ❖ The motion was approved unanimously (6-0).
- ❖ With there being no further business to consider or discuss, Vice Chairman Saha adjourned the meeting at 7:01 p.m.

III. WORK SESSION ITEMS

a. Union Hill Park Design

- Morgan Rodgers, Director for the Recreation, Parks, and Cultural Services Department introduced the item.
- Director Rodgers presented the Commission with a slide show of design phases of Union Hill Park. The first slide contained the original plan with the skate park, a play area, covered venue, and updated parking lot. The second slide contained the Updated plan with the play area gone and a larger parking lot. The third slide

contained a Value Engineered plan with a playground added. Director Rodgers stated the Value Engineered plan contained a traditional generic playground to show what a \$100,000.00 budget would look like. He stated that this is what fits into the budget, and this is all in with mulch and concrete. After he presented, he allowed for questions from the Commission.

RECREATION COMMISSION Q&A:

RE: Union Hill Park

Q Is this the current plan for the current parking lot? (Piedrahita)

A This is turned. (Rodgers)

Q How many spaces? (Piedrahita)

A 11 parking spaces added. (Rodgers)

Q Do we have MOU's with the adjacent offices for additional parking? (Slavik)

A Yes, we have an agreement with a company for Friday night, Saturday, and Sunday. Other events have made arrangements with other businesses. (Rodgers)

Q Why is the adjacent building parking left off the mockup? (Piedrahita)

A We would add it, but we would have to notify the company and get their permission to add it to our design plans. (Rodgers)

Q What is the cancellation policy with the MOU in place? (Slavik)

A The MOU in place has a 30-day notice to terminate. It is a one-year agreement that is renewable. (Rodgers)

Q What is their benefit to for allowing the additional parking? (Kaighin)

A They are receiving no benefit, they want the park to be successful, they are planning to stay. (Rodgers)

Q Why can we not ask them to be on our design plans? (Kaighin)

A We can. (Rodgers)

Q Can this be part of your narrative at Council on Monday? (Piedrahita)

A It is in the Staff Report, we do not have time to have it added before Monday. (Rodgers)

Q What is the level of the equipment at the Apartment Complex across the street? (Slavik)

Q Are you talking about taking your child to an Apartment Complex to play? (Piedrahita)

C This is the only venue that can be something nice and unique. Newtown Park has this, and it is great. (Slavik)

Q The new skate park is smaller, why? (Saha)

A The pop-up skate park is a quick fix, there was not a design on that one. The new one is a designed skate park. (Rodgers)

- Q What is the cost of the playground? (Saha)
- A Approximately \$100,000.00, not sure how to break it down because we asked for a \$100,000.00 design. (Rodgers)
- Q Above ground? (Saha)
- A This is dig down and build up. (Rodgers)
- Q Is the vote for this playground or the original? (Kaighin)
- A A Value Engineered playground. (Kirby)
- Q If it goes to park route, 15 years down the road, can it be removed? (Slavik)
- A Yes. (Kirby)
- Q We are doing refreshes, we do this, would it be worth doing this? (Kaighin)
- A Webb zone cost \$400,000.00 just taking old out and putting new in. (Rodgers)
- Q When this went to City Council, Staff made a recommendation for a Parking Lot. Is that happening on Monday? (Piedrahita)
- A We are not making a recommendation on Monday. (Rodgers)
- Q Was the recommendation written for the parking lot? (Slavik)
- A Yes, Staff recommended it. Not to say that the parking lot is more important. It was because of the Venue being so unique. I think that the facility could be useful. I am staying out of it; it is in City Councils hands. We did not tell anyone we were putting a playground in legally.
- Q Legally, was park space allowed? (Saha)
- C Skate Park makes it a park space. (Mitchell)
- A The Resolution is clear. (Rodgers)
- Discussion continued with Commissioner Norton stating that Windward Community Park is right down the street and the City should wait for the money to be available to build a park. Chairman Mitchell asked if there were any questions regarding Union Hill Park and reminded everyone that we are not voting on anything tonight, this is in City Councils hands now. Commissioner Saha asked for a Ninja playground video to be played to show what a \$150,000.00 playground could look like and stated that this would be a good teen playground. He continued with that he would think green space would be better than a parking spaces, a youth and teen space, would you consider that? Director Rodgers stated that it is not up to him to consider. Commissioner Saha he would have liked to have been given options for playgrounds within budget, not just one. Chairman Mitchell asked if he would like to have viewed three generic options. Commissioner Saha stated that he would have liked more than one. Further discussion took place on where everything goes from here and Director Rodgers stated that he is presenting it to the City Council on Monday, July 29th and they will decide if the resolution is adopted, he does not make that decision. He stated that if it becomes a parking lot, they start working on that, if it becomes a playground then they start working on it that. The vote is based on a Value Engineered playground to stay within budget. If the vote goes that way, then we are back to the drawing board.

b. Trail Counters on the Greenway

- Morgan Rodgers, Director for the Recreation, Parks, and Cultural Services Department introduced the item.
- Director Rodgers presented to the Commission slides of the new Greenway counters. He stated that they had this in Roswell, and they bought the same equipment. They were installed back in December, and they have been gathering the data. We are going to be providing this monthly. There are some impressive numbers.

RECREATION COMMISSION Q&A:

RE: Trail Counters on the Greenway

Q Where are all the people going at Union Hill Park? (Rand)

A Most likely Forsyth County. (Rodgers)

Q Can we do this at our parks? (Kaighin)

A We can, we want them to be hidden. We are going to try to do it in other locations. Trails at the parks. Alpha Loop would be next. (Rodgers)

Q Intent for this information? (Kaighin)

A Not any, just for us and Council. We need to keep the funding. (Rodgers)

A We can also use this for cameras on the Greenway, it is useful data for some future initiatives. (Kirby)

IV. ITEMS FROM COMMISSION MEMBERS

- Commissioner Piedrahita wanted to express her amazement about the summer camp staff and the can-do attitude. Great!
- Commissioner Kaighin seconded Commissioner Piedrahita's comments and asked how we could expand for future growth? Director Rodgers stated that we do not have enough indoor facilities to add more programs.

V. ADJOURNMENT

❖ Chairman Mitchell adjourned the meeting at 6:30 p.m.

Alpharetta Recreation Commission Cultural Services Report August 2024

Allura Nathan Pierce

Stainless steel,
Acrylic

Allura plays on the colors of the surrounding environment. As the metallic stainless steel reflects the hues of the landscape, the neon ribbon flows to add motion for the viewers eye to follow, creating a medley of movement and color.

Hill Climb Jim Collins

Aluminum

This sculpture pays homage to the revival of the green revelation in travel. The only sounds heard by the bikers are the sounds of wind and their innermost thoughts. The viewer can stand back and look at this sculpture and remember the joy of bicycling and be inspired to return to a quieter time.

Ribbon Arch Jim Gallucci

Painted aluminum

The sculptor usually incorporates gateways that invite viewer participation. He believes gates and arches give viewers a literal entry into the work, a portal to an aesthetic journey.

"I'm excited to see my work in Alpharetta, and to have public art serve as a gateway for all of the activity in the park."

Tree Gus & Lina Ocamposilva

Aluminum, enamel paint

"Tree" is a sculpture that makes people wonder about its meaning. People perceive very different impressions from the piece. It is constructed of pieces of metal intertwined and painted in a bright color that looks soft and fluid in harmony with one another.

ITEM DESCRIPTION:

Monthly Highlights

- Instructor Recognition

Ms. Tse Yin Lung has been teaching Tai Chi Classes at the Adult Activity Center since 2011. Her husband taught the class starting in 2005, and after his passing she took on the role of instructor. She has taught for many years and has always done so as a volunteer. In all that time, she has never asked for compensation or reward. She has consistently and faithfully shown up to teach her class every Monday, Wednesday, and Friday, and on most days stays behind to play mah-jongg for an hour with her friends.

In her students' words, "she has joyfully continued her husband's legacy despite a language barrier (her native tongue is Chinese), and the fact that she herself is a youthful senior in her mid-80s lends herself as an exceptionally competent class leader. She also remains mindful of each participant's physical abilities, and encourages each to strive for their optimal, yet safe, workout."

"In short, Ms. Tse Yin Lung is more than a mere class leader, she is a model and an inspiration for graceful aging, mature leadership, and sincere concern for her fellow seniors."

Speaking on behalf of the staff, it is participants like Ms. Tse Yin Lung that give back so selflessly that make our jobs so enjoyable and makes this place feel like more than a job but a family.

- The last day for public swim at Wills Park Pool is Monday, September 2nd. Water fitness, water aerobics, and lap swim continues through September.
- Fall Activity Sessions begin on Monday, September 9th.
- Scarecrow Harvest applications are open for enrollment.

Summer Camps

- Wills Park Summer Camp served 1,239 Residents and 395 Non-Residents for a total of 1,634 campers served.
- Specialty Camps served 1,015 Residents and 331 Non-Residents for a total of 1,346 campers served.

Monthly Happenings

- Farmers Market on Saturdays from 8:30 a.m. to 12:30 p.m. at City Center
- City Center Concert Series with be Friday, August 16th from 7:00 p.m. to 11:00 p.m. on the Town Green
- Food Truck Alley will be Thursday, August 22nd from 5:00 p.m. to 9:00 p.m. Downtown

- Art in the Park will be Saturday, August 24th from 9:00 a.m. to 4:00 p.m. and Sunday, August 25th from 12:00 p.m. to 4:00 p.m. at Brooke Street Park
- Summer Evening in the Park will be Saturday, August 24th from 6:30 p.m. to 10:30 p.m. at Brooke Street Park
- Gilling and Gridiron will be Saturday, September 14th from 12:00 p.m. to 8:00 p.m. on Old Roswell Street
- Home By Dark Concert Series will be Saturday, September 14th 7:30 p.m. to 9:30 p.m. at Brooke Street Park
- Mayor's Corporate Challenge will be on Thursday, September 19th from 4:30 p.m. to 10:00 p.m. at Brooke Street Park

1. Tai Chi Letter

FOR: Mr. Toby Smallwood
Director, Alpharetta Adult Activity Center (AAAC) at North Park
13450 Cogburn Road
Alpharetta, GA 30004

RE: Letter of Appreciation & Commendation (Tse Yin LUNG)

Dear Mr. Smallwood,

The purpose of this Memo is to express – as a group – our gratitude and appreciation for the services and recreation opportunities provided by your staff and facility – and especially for the Senior Tai Chi Fitness Program led by **Ms. Tse Yin Lung**.

Your facility is inevitably clean and well organized, and your staff is friendly, welcoming and helpful. Your clientele – senior citizens (all of us!) enrolled in Tai Chi – are treated respectfully and courteously. And, as much as we would like this to be the norm, it is not necessarily a reliable yardstick in today's society!

We are particularly grateful for the thrice weekly Tai Chi program led by Ms. Lung! Over the years, most of us have participated in many recreational classes led by a variety of different instructors – but we can unhesitatingly tell you that Ms. Lung is one of the *very best* instructors we've experienced!

As you may know, Ms. Lung occupies a very unique role: She actually succeeded her late husband as leader of our current group. For several years, she has joyfully continued his legacy in spite of language issues – her native tongue is Chinese – and the fact that she herself is a 'Youthful Senior' in her mid 80's! Regardless, she is not merely an exceptionally competent class leader – she also remains mindful of each participant's physical abilities and encourages each to strive for their optimal, yet safe, workout.

In short, Ms Lung is more than a mere class leader; she is a model and an inspiration for graceful aging, mature leadership and sincere concern for her fellow seniors. Perfect!

We've not asked our fellow students to individually sign in attestment to the above, but we are certain the signatories would be unanimous! We highly recommend Ms. Lung be recognized and rewarded for her exemplary efforts with some type of civic or (better!) monetary recognition! Once again, we thank you for all you and your staff do for us participants! We are most appreciative!

Very Respectfully,

AAAC Tai Chi Class Participants (Sherani Boteju 760 6411882)

The City of Alpharetta Recreation, Parks & Cultural Services Department will be executing this project utilizing contracted vendors. This budget reflects prices quoted from vendors specialized in the design and manufacture of sports and infrastructure lighting systems. The site plan development, including the design, engineering, and environmental elements of this project, falls under a city-wide infrastructure and stewardship program contracted through an engineering consultant. The city is focused on maximizing cost efficiencies and environmental sustainability for all city projects including North Park.
